

ShelterPets x HAZELpool

Partnership Agreement: 5th of January, 2021

ShelterPets	HAZELpool
shelterpetscnft.com	HAZELpool.com
@ShelterPetsCNFT	@NilsCodes

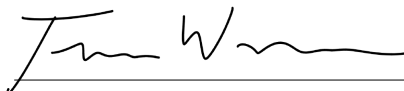

This Agreement is with respect to the partnership between HAZELpool and ShelterPets. HAZELpool is a Cardano stake pool that is involved with fostering kittens, helping decentralize the Cardano blockchain, and providing educational content on both. ShelterPets is a NFT project on Cardano who has pledged to donate 50% of all revenue to animal-based charities. This document outlines the agreement of both parties to uphold, to the best of one's ability, the conditions laid out below.

Conditions of Partnership

- HAZELpool will be allocated 20% of sales from the ShelterPets NFT sales (or 40% of the ShelterPets charitable budget).
 - allocation will be sent to the HAZELpool wallet (*\$hazelpool*)
- This allocation will be split between supporting HAZELpool and directly donated to charities.
 - 20% of the allocation will be used by HAZELpool for fostering, stakepool, educational content, and other expenses.
 - 80% of the allocation will be used for joint charitable contributions.
 - The wallet containing this ADA will be delegated to the HAZEL stake pool.
 - Donations will be made directly from the delegation and from the delegation rewards, as agreed upon by both HAZELpool and ShelterPets.
- Exact usage of charitable funds should be tracked and published by both of HAZELpool & ShelterPets.
 - www.hazelpool.com/donations
 - <https://git.io/JyqqA>
- The specifics of how the 20% is allocated can be changed with agreement from both parties.
- Both parties agree to support each other to the best of their ability but within the comfort level of said party. However, all promotional efforts are voluntary and there is no obligation to endorse any viewpoints of either party.
- This current agreement is in effect until the first NFT collection by ShelterPets is sold out. Further collaborations will require renegotiation of contractual obligations.
- If the partnership has ended before the sellout of ShelterPets first NFT collection, the 20% of sales will instead be sent to the ShelterPets charitable wallet (*\$shelterpets*).

If either party feels that the other is not upholding their end of this agreement, they may request for this partnership to be void. This can only be done if there are no outstanding obligations or debts owed by either party.

The undersigned agrees to the terms of this agreement on behalf of his or her organization.
